

## Research Day 2006 a great success!

On June 15<sup>th</sup> 2006, the Civic Campus Amphitheatre was the place to be to witness the world class research presentations of the residents and staff of the Department of Emergency Medicine at the University of Ottawa. In total, 41 abstracts were presented by students and staff as well as faculty, residents and fellows.

Ten residents and fellows vied for the best research presentation of the year award, which will be presented at the Graduation dinner at the Royal Ottawa Golf Club on June 22<sup>nd</sup>.

Also, 10 faculty members presented their research, including Dr. Lisa Calder, pictured below. Many of the presentations had already been well received at the SAEM (Society for Emergency Medicine) conference in San Francisco in May, or at ICEM (International Conference On Emergency Medicine) in Halifax earlier in the month.

There were also 21 high quality posters for attendees to review.

Thanks to Rebecca Boucher from Hoffmann-La Roche for sponsoring this event.
