

The Ottawa Hospital
L'Hôpital d'Ottawa

Pharmaceutical Services

To: ALL OTTAWA HOSPITAL-CIVIC CAMPUS INVESTIGATORS AND RESEARCH COORDINATORS
From: Tony Gyapong, Research Support Pharmacist
CC: Mario Bedard, Director of Pharmacy, M. A. Laviolette, Secretary, REB
Date: 2/7/2008
Re: PHARMACY FEES FOR CLINICAL TRIALS

This is to inform you of the current pharmacy fees for departmental involvement in clinical research trials at the Ottawa Hospital. These fees are subject to change depending on the level of departmental involvement. The fees quoted here are the usual and customary fees.

2008 Pharmacy Fees for study support			
	2004 fees for all studies	2008 fees - Industry	2008 fees - Peer reviewed
Initial Protocol review & study set-up fee	\$500	\$1,000	\$500
Yearly admin fee (year 2 and on)	\$500	\$1,000	\$250
Dispensing Fees			
IV	\$25 & \$50	\$35 & \$70	\$20
PO	\$20	\$25	\$10
Multicenter kit preparation	n/a	n/a	\$30
Per patient			\$100
Lab tests	\$0	\$5	\$5
Call Back Fee	\$300	\$400	\$200
CRA visit fee	\$0	\$50	\$0
Audit Fee	\$0	\$100	\$100
Randomization Fee	\$0	\$10	\$0

Effective Jan 22, 2008

In addition, it is important for Research Support Personnel to be informed of all research studies that involve administration of trial medication to inpatients but does not require pharmacy department's involvement in the preparation, randomization, storage etc. This is to give clinical pharmacists a heads-up to provide adequate and efficient Pharmaceutical Care in monitoring of these patients.

Feel free to contact the Pharmacy Director, Mario Bedard at mbedard@toh.on.ca or at 78345 for any concerns you may have in regards to this change.

Sincerely,

.....

Tony E. Gyapong, B.Pharm, MSc

Research Support Pharmacist
