

# RESEARCH DATA MANAGEMENT WORKSHOP series

2022-09-12

Principles and policies in the data management and sharing landscape in Canada

Dr. Dominique Roche  
Lee Wilson

2022-09-19

Using the Open Science Framework for data sharing

Ana Patrícia Ayala

2022-09-26

Practicalities of preparing data for sharing and reproducibility

Dr. Samantha Wilson

2022-10-03

Preclinicaltrial.eu and data sharing

Julia Menon

2022-10-11

Electronic Health Information sharing and privacy/security

Dr. Khaled El-Emam

2022-10-17

Indigenous data and open science intersection

Dr. Aaron Franks

2022-10-24

DMP Assistant

Dr. Alisa Rod

2022-11-07

Participants' Perspectives and the Evolution of Genomic Data Sharing Policies

Dr. Mary Anderlik Majumder

2022-11-14

Overview of available ICES Indigenous health data and management

Graham Mccredy

2022-11-21

Benefits of open data for public health

Dr. Doug Manuel

2022-11-24

Clinical Trials data sharing

Dr. Florian Naudet

2022-11-28

OpenNeuro

Dr. Russell Poldrack

2022-12-05

Data sharing, research equity, and the role of the Good Pharma Scorecard

Dr. Jennifer Miller

2022-12-12

Patient preferences for data sharing and privacy considerations (intersection of law and health)

Dr. Kayte Spector-Bagdady
