Leidecker, Julie	Research Ethics Coordinator	Affiliated	F	Yes
Millar, Kathy	Research Ethics Clerk	Affiliated	F	Yes
Geertsma, Amy BSc	Research Ethics Manager	Affiliated	F	Yes

The Ottawa Health Science Network Research Ethics Board (OHSN-REB) operates in compliance with the Tri-Council Policy Statement 2, ICH GCP Guidelines, Part C Division 5 of the Food and Drug Regulations, Part 4 of the Natural and Non-Prescription Health Products Regulations, and Part 3 of the Medical Devices Regulations and FDA Regulations. All Health Canada regulated trials at The Ottawa Hospital and University of Ottawa Heart Institute are conducted by a Qualified Investigator. This is a publicly disclosed list of the OHSN-REB. If you have any questions or concerns related to your application or review, please contact Kathy Millar at [rebadministration@ohri.ca](mailto:rebadministration@ohri.ca) or Amy Geertsma, Manager at [ageertsma@ohri.ca](mailto:ageertsma@ohri.ca).

**Note:**

1. Members may be asked to attend any of the 3 panels (Civic Campus, General Campus and University of Ottawa Heart Institute Campus if quorum is an issue.
2. All TOH/OHRI staff and physicians must undergo mandatory Privacy/PHIPA training which includes annual refreshers. Therefore any member affiliated with TOH, OHRI or UOHI would be able to fulfill the role of "Knowledgeable in Privacy/PHIPA".
3. TOH/OHRI and UOHI staff and physicians complete the mandatory annual refresher in Privacy/PHIPA Training as per institution requirements.
3. An OHSN-REB member may be qualified for multiple roles, but can only satisfy a maximum of 2 roles per meeting.
4. The OHSN-REB has mandated that all investigators (QI or CO-I) must show proof of TCPS2 and GCP in order to obtain REB approval for their interventional research project. It is also recommended that all research coordinators undergo the same training; however, it is not required for approval. Therefore, any REB member who is also an OHSN-REB applicant should be considered as a member "knowledgeable in Research Ethics".
